

TECHNICAL DATA SHEET

IRON & FALLOUT REMOVER

FEATURES:

Iron Fallout Remover is an acid-free, pH-balanced iron remover that decontaminates auto paint and wheels. It can effectively remove the iron powder and oxide layer on surface of paint, remove brake powder and star spot on surface of the hub, prevents the spread of iron-related damage to protect your vehicle from paint system failure.

DIRECTION:

1. Clean your car and spray this product evenly on the surface. During this time any ferrous articles will dissolve forming a purple solution. (Clean the wheels with a brush after 15 seconds). DO NOT allow product to dry on the surface.
2. Rinse residue and repeat if necessary.

PRECAUTIONS:

- Before using this product, make sure the temperature of the car body is cool.
- Use in a well ventilated area out of direct sunlight as the product has a very strong and unpleasant odour.
- It is recommended to wear waterproof gloves while applying. Wash your hands with soap after operation.
- Keep out of reach of children.
- Skin irritation. If eye or skin contacted accidentally, flush with large amounts of water immediately, and call medical help.

Maybe fatal if consumed!
